Bringing you more ways to access HDR content, our TVs not only support the standard HDR video format, HDR10, but also Hybrid Log Gamma or "HLG". This compatibility with HLG future-proofs our models, so that one day you will be able to watch HDR over the air broadcasts.

With the embedded microphone system on, your TV becomes an Alexa device itself. You can ask Alexa to change the channel, open apps, search for movies and shows, play music, and more

Share your most precious memories. Display photos from your smartphone or tablet on your big screen Toshiba TV.

Experience the kind of audio that you would normally expect to hear in a movie theatre. Enjoy authentic-sounding dialogue and hear more of the on-screen action thanks to Dolby Audio™.
