

Google TV is a smart TV experience that's built into TVs and streaming devices from top brands and brings together your streaming services in one place.

TRU Picture Technology provides smooth, upscaled and more detailed viewing whatever you're watching.

Enjoy cinematic picture quality for movies and lightning-fast responsiveness for gaming, all thanks to our TV's advanced VRR capabilities.

QLED TV creates brighter, more-saturated, and more accurate colors. The LED in most LCD TV emits white light, but those in quantum dot televisions emits blue light.

Immerse yourself in the on-screen action with one of our Toshiba Dolby Vision compatible TVs. The preferred HDR video format of movie makers around the world, Dolby Vision uses dynamic metadata to read and calculate exactly the right brightness level for every TV frame.

A TV with down firing stereo speakers using Dolby Atmos audio processing will provide breathtaking sound that has impressive clarity, richness, detail, and depth. A consumer can experience Dolby Atmos in the cinema and get that same Dolby Atmos experience in the home like no other sound solution.

With tivusat 4K Ultra HD certified TV you can enter the world of tivusat for free with over 150 national and international channels: 56 in HD, 7 in UHD and interactive services from the most important Italian broadcasters. No subscription required, only insert tivusat certified CAM and activate the smartcard. You will see more, better, hassle-fr...

Guarantees the consumer the opportunity to enjoy this TV on all platforms: digital terrestrial / satellite and internet according to the latest technology standards. Allows access to the new DVB-T2 without additional decoders; to tivusat free satellite platform (a tivusat certified smart card needed); to TV on demand services, contents of the la...
