4K HDR ULTRA HD | Dolby Vision | Dolby Atmos | TRU RESOLUTION | TRU MICRO DIMMING

POWERED BY ONKYO | NETFLIX | prime video | works with alexa | works with Ok Google

4K HDR ULTRA HD

Awarded the 4K HDR Ultra HD logo, all our 4K HDR TVs have been proven to deliver and faithfully display 4K HDR content in all its glory.

SECURE SMART TV

Proving how seriously we take your right to privacy, we have become the first TV brand to be certified and approved as secure by the Bavarian State Government.

HDR10 HYBRID LOG GAMMA

Bringing you more ways to access HDR content, our TVs not only support the standard HDR video format, HDR10, but also Hybrid Log Gamma or “HLG”. This compatibility with HLG future-proofs our models, so that one day you will be able to watch HDR over the air broadcasts.

Dolby Vision

Immerse yourself in the on-screen action with one of our Toshiba Dolby Vision compatible TVs. The preferred HDR video format of movie makers around the world, Dolby Vision uses dynamic metadata to read and calculate exactly the right brightness level for every TV frame.

Dolby Atmos

A TV with down firing stereo speakers using Dolby Atmos audio processing will provide breathtaking sound that has impressive clarity, richness, detail, and depth. A consumer can experience Dolby Atmos in the cinema and get that same Dolby Atmos experience in the home like no other sound solution.

NETFLIX

Discover the Netflix® button on your remote control to jump from one adventure to another.

YouTube

See what the world is watching -- from the hottest music videos to what’s popular in gaming, fitness, movies, shows, news, learning and more.

*** The availability of this feature may vary depending on the production month.
