4K HDR ULTRA HD	TRU PICTURE ENGINE	Dolby Vision	WIDE COLOR GAMUT
Awarded the 4K HDR Ultra HD logo, all our 4K HDR TVs have been proven to deliver and faithfully display 4K HDR content in all its glory.	TRU Picture Technology provides smooth, upscaled and more detailed viewing whatever you're watching.	Immerse yourself in the on-screen action with one of our Toshiba Dolby Vision compatible TVs. The preferred HDR video format of movie makers around the world, Dolby Vision uses dynamic metadata to read and calculate exactly the right brightness level for every TV frame.	Experience more power and emotion when you watch TV. With our wide colour gamut models, every scene is displayed with unprecedented, life-like-colour vibrancy. Capable of reflecting up to 1024 shades per colour, they capture hues that are usually merged together and lost on the screen.

*** The availability of this feature may vary depending on the production month.
