4K HDR ULTRA HD Awarded the 4K HDR Ultra HD logo, all our 4K HDR TVs have been proven to deliver and faithfully display 4K HDR content in all its glory.	TRU PICTURE ENGINE TRU Picture Technology provides smooth, upscaled and more detailed viewing whatever you're watching.	Dolby Vision Immerse yourself in the on-screen action with one of our Toshiba Dolby Vision compatible TVs. The preferred HDR video format of movie makers around the world, Dolby Vision uses dynamic metadata to read and calculate exactly the right brightness level for every TV frame.	HDR10 HYBRID LOG GAMMA Bringing you more ways to access HDR content, our TVs not only support the standard HDR video format, HDR10, but also Hybrid Log Gamma or "HLG". This compatibility with HLG future-proofs our models, so that one day you will be able to watch HDR over the air broadcasts.

*** The availability of this feature may vary depending on the production month.
